Please note that all single lots with an estimate of £20 or above are illustrated on the Study Group web site: www.fipsg.org.uk and then go to auction lots in the left hand margin.

We will have the same general rules as applied in the last two auctions. The prices realised and available unsold lots will be posted on the web site as soon as possible once the auction is closed.

Further time will then be allocated for the sale of any unsold lots, whether it be from successful or unsuccessful bidders in the original auction.

Payment will be requested either by direct transfer or payment over the phone using a debit card. This has been successful for the last two auctions. We DO NOT want cheques or cash!!
